ABOUT US

Cambridge Innovation Publishing, a division of Cambridge Innovation Institute, provides a portfolio of niche publications for the life sciences, clinical trials, AI and renewable energy communities.

What sets us apart from our competitors, we can help you reach your targeted audience with a medium the approaches that fit within your marketing strategy. Working with a more focused, niche publication, will allow you to get your products in front of the right audience ... **a quality, targeted audience.**

Our portfolio consists of *Insight Pharma Reports'* vast research reports collection and five niche digital subscription products: *Battery Power Online, Clinical Research News, AI Trends, Bio-IT World* and *Diagnostics World.*

Why advertise with a larger publication where you might reach your audience, when you will reach your audience with Cambridge Innovation Publishing?

Battery Power

A Division of Cambridge Enertech

Lead Generation WHITEPAPERS 50 Leads Minimum

Do you have a recent case study you want to share? Has your company recently generated excited scientific data? Have you recently helped one of your clients solve their scientific challenges? This breakthrough needs to be communicated within the community, and *Battery Power Online* Whitepaper

Option 1: *Battery Power Online* will host and promote client's existing whitepaper on our website and deliver 50 leads guaranteed.

Option 2: *Battery Power Online* Custom Whitepaper

Our professional writing and publishing team writes, designs, and produces a custom paper of up to eight pages in length for the client. The whitepaper is developed around a topic of choice following an input meeting by phone. The paper cover is co-branded with client's name and Battery Power Online. The contributing editor's name is bylined. Custom papers are top-quality, written to a client's needs and final approval. Lead time for a custom white paper is 2-3 months.

This custom white paper program can take on a product or services marketing slant. Or, they can be written as thought leading pieces that do little direct selling but will establish good will while building sponsor credibility within their market segments. A custom paper can also provide the combination of promotion and thought-leadership on a specific topic. Our writer will schedule an input meeting with the client's team before writing begins to determine the project's direction. It is then followed by an outline, a preliminary draft, and a final draft. It's a well-developed process, created to give the client high value.

Lead Generation PODCASTS 50 Leads Minimum

Why a Lead Generation Podcast?

Podcasts are making a comeback as a popular medium for marketers. As an on-demand, access anytime tool, a podcast can be listened at work, home, at the gym or in the car.

Podcasts are making a come back

- One-third of Americans 25–54 listen to podcasts at least monthly.
- Podcast Listening Among American Women Jumped 14 Percent in One Year
- 69 Percent of Podcasts Are Consumed on a Mobile Device
- 12 million people listened to a podcast for the first time in the last year.
- 23 Percent of Americans Have Listened to Podcasts in the Car

What is included in a Lead Generation Podcast?

- Includes a phone recorded Q&A with one of our editors and a representative from your organization lasting approximately 10-15 minutes.
- Podcasts are usually held in an interview format with either a member of your company, a customer or an industry thought leader.
- Suggested topics around a new technology, new product release, viewpoint, case study etc. – something that will engage the audience.
- Our Editorial Director is available to conduct the podcast interview, if you wish.
- While the podcast is playing, we create a slide as a visual which will have information about the speaker and your company.
- Podcasts are promoted through dedicated promotion, newsletters and social media.
- Our marketing team will create the visual slide for your podcast and will send to you for approval.
- You will receive weekly client reports.
- Podcasts are most effective in a series, so ask about multiple podcast pricing!

ADVERTISING TIPS & TRICKS:

- Make your ads eye catching and have a call to action
- Avoid an ad design that is too cluttered, flashy or distracting
- Change your content frequently, you can change your content throughout your campaign with us
- Branding and exposure campaigns work best when done for longer period of times with multiple touch points.
- For long term advertising programs, we suggest changing your creative every 30-60 days. If your messaging hasn't changed, just changing the color of your banner will give it a new look.
- Promoting special offers or complimentary downloads are great ways to increase your clicks.
- Our website has a white background, so we suggest adding a border to your banner to make it pop more.
